The first part of the report deals with the general situation of the country and the progress of the work during the year. It is followed by a detailed account of the various expeditions and the results obtained. The second part of the report is devoted to the study of the flora and fauna of the country, and the third part to the study of the geology and the mineral resources of the country.

The first expedition was led by Mr. J. H. ... and was directed towards the ... mountains. The results of this expedition were ... The second expedition was led by Mr. ... and was directed towards the ... mountains. The results of this expedition were ...

The study of the flora of the country has shown that there are many new species of plants which have not been recorded before. The study of the fauna of the country has also shown that there are many new species of animals which have not been recorded before.

The geology of the country is very complex and has not been fully studied. The mineral resources of the country are also not fully known. It is hoped that the results of the work done during the year will be of use to the Government and the people of the country.
