# Corporate Plan 2015

Welcome to Northampton Borough Council's Corporate Plan. This sets our priorities and explains what we want to achieve during 2015/16.

Northampton's population has reached 216,700<sup>1</sup> making it one of the largest towns and the largest district in the country. By 2020 the population of Northampton is projected to increase to 233,200 and by 2033, to 252,300.<sup>2</sup>

The Corporate Plan has been reviewed for the start of the financial year 2015/16 to ensure it remains up to date and guides our actions at a time of unprecedented change. It does not aim to set out in detail information about all of the services that the council provides.

Our plan focuses on two themes:

**'Your Town'**, recognising the importance that investment and growth in local business and jobs will have on the long term prospects for the town and those people that choose to live and work here.

**'You'**, acknowledging the significant challenges that the current economic climate and future welfare and housing reforms will have on the lives of people impacted by the changes and the importance of the role the Council will have in supporting people through the change

## Our priorities

The Corporate Plan is structured according to the council's eight priorities:

Your Town	You
<ul style="list-style-type: none"><li>○ Northampton Alive</li><li>○ Invest in safer, cleaner neighbourhoods</li><li>○ Celebrating our heritage and culture</li><li>○ Making every £ go further</li></ul>	<ul style="list-style-type: none"><li>○ Better homes for the future</li><li>○ Creating empowered communities</li><li>○ Promoting health and well-being</li><li>○ Responding to your needs</li></ul>

# YOUR TOWN

## *A town to be proud of*

A successful vibrant town centre economy is an essential part of prompting growth and prosperity. Our focus is on regenerating the town and raising its national profile. Northampton is one of the UK's most enterprising places and operating costs are low in relation to other parts of the country. The town is also making the UK's fastest economic recovery.

The Council recognises it cannot achieve this alone. It is actively working with others to keep the town clean, safe, attract new investment, visitors and jobs, whilst enhancing the town's heritage and cultural opportunities.

We recognise that our parks and open spaces and the facilities available within them contribute to our sense of wellbeing. We will work with local communities and groups, benefit from their experience and their contribution to improve our beautiful parks and open spaces across the town. Having access to a wide variety of cultural, leisure and sport activities and events is also a key part of having a vibrant and successful town. We will also work with partners to improve access to cultural opportunities such as our museums, cultural events programme and through our support to the local theatres.

Our commitment the Northampton Cultural Quarter provides a driving force for economic and social regeneration of the town. It presents an opportunity to celebrate both the town's rich history and to showcase its unique contemporary offer. Raising the profile of Northampton as a great place to live, visit, work, study and invest, the Northampton Cultural Quarter has realised the potential to significantly enhance the town's reputation as a first class cultural venue, a place with a diverse and extensive offer, a great atmosphere and a tangible energy.

As well as taking a leading role in the future development and growth of Northampton, the Council must ensure that Council Tax payer's money is spent wisely. The Council will continue to review how it is organised, to ensure it has the right skills and capacity and to identify the most effective methods of delivery. This will reduce our costs in order to prioritise spending to allow us to promote the town's economic growth, regeneration and protect frontline services.

# YOU

## ***How your Council will support and empower you and your community***

In order to have a successful vibrant town, Northampton needs to have the right number and types of homes, across both the private and public sectors, which address the needs of local people. The quality of these homes is also an important factor in determining how people feel about where they live, their sense of pride in their neighbourhoods and the Town overall.

The delivery of new homes has fallen in Northampton over the last few years. With housing demand increasing, it is vital that we facilitate and co-ordinate the delivery of new affordable homes for our customers. Northampton Partnership Homes are working with RSL partners, the Homes & Communities Agency and Institutional Investors to get new homes built in Northampton.

We need to manage any increasing demand in homelessness, prevent homelessness wherever possible and support people in housing crisis by working in partnership with other key agencies. The Council is also proactively working to anticipate the impact of emerging central government Social Housing Reform on local people. The Council will support people with advice and guidance to make the right choices for them and support vulnerable people to be able to live independently, when they want to.

The Council has worked with tenants and employees to establish an arms-length organisation, Northampton Partnership Homes, for the management of its housing stock from January 2015. We will work together to provide high quality homes and services to our tenants

The Council recognises the important work undertaken by voluntary and community groups across Northampton and how this work supports the Government's aspirations to build a Big Society, where people can play an active role in their neighbourhoods and communities. We will continue to work with voluntary and community groups to build capacity and support community management of our community centres. We will also continue to develop our approach to neighbourhood management to ensure we provide support to frontline councillors in their community leadership role.

We provide services to ensure that the community has access to a variety of leisure and sport facilities to promote healthy lifestyles and a sense of wellbeing. The Council will continue to improve such facilities and opportunities, by improving facilities and opportunities to be physically active, across the Town.

Delivering high quality, cost effective services in a way that local people want them is a key focus for the Council. We are committed to delivering excellent customer service, treating our customers fairly and listening to them to develop and improve services and put things right when our standards have not been met.
