

Community Impact Assessment

(Incorporating equality analysis and health considerations)

V2.0

Name of Matter Assessed:

Overview and Scrutiny Review – Cemeteries

Who will make the decision:
(e.g. Cabinet/Board etc.)

Overview and Scrutiny will produce a report with its evidence, findings and recommendations and the Chair of the Overview and Scrutiny Committee will present this report to Cabinet for its consideration.

Who has been involved in developing the matter:

Director: Julie Seddon, Director of Environment and Culture
Lead Officer: Tracy Tiff, Scrutiny Officer
Chair of the Scrutiny Panel: Councillor Brian Sargeant

What is it:

A Community Impact Assessment (CIA) is a document that summarises how the council has had due regard to the public sector equality duty (Equality Act 2010) in decision-making. This document can also be used to consider health and narrowing health inequalities (Health and Care Act 2012)

When to assess:

A CIA should be carried out when you are changing, removing or introducing a new service, policy or function. The assessment should be proportionate; a major financial decision will need to be assessed more closely than a minor policy change.

Due Regard:

To 'have due regard' means that in making decisions and in its other day-to-day activities the council must consciously consider the need to do the things set out in the general equality duty: eliminate discrimination, advance equality of opportunity and foster good relations.

In relation to health, we need to consider the potential short term and long term implication of for decisions that we take to support the Health and Wellbeing agendas.

How much regard is 'due' will depend on the circumstances and in particular on the relevance of the aims in the general equality duty to the decision or function in question. The greater the relevance and potential impact, the higher the regard required by the duty. We need to make sure that we understand the potential impact of decisions on people with different protected characteristics and also need to consider this information before and as decisions are being made. This will help us to reduce or remove unhelpful impacts and inequalities

Proposal Name:

Overview and Scrutiny Review – Cemeteries

Aims/Objectives and purpose of the policy/service/function

Aims and objectives:

Purpose/Objectives of the Review

- To review cemeteries in the Borough, concentrating on:
 - Maintenance and health and safety requirements
 - Amenities and facilities
 - Financial implications

Key actions:

Overview and Scrutiny (O&S) is a means of providing non-Executive Councillors the opportunity to inform policy development and critical friend challenge to the Council's Executive policy makers and decision makers (Cabinet). It also has a strong role in promoting the engagement of non-Executive Councillors in a diverse range of policy development activities, including performance improvement at the Council. Scrutiny aims to engage the community in its work either by attendance at meetings, public addresses to meetings, witness evidence, or co-optees to Scrutiny Reviews.

This Review will hear from a number of key stakeholders to ensure that a wide range of evidence is obtained to inform the Panel's information base.

All Scrutiny Reviews link to the Council's Corporate Plan. Details of which are evidenced within the final report. In particular, this Scrutiny Review links to corporate priority Protecting Our Environment - A clean and attractive town for residents and visitors

Expected outcomes:

The projected outcome of this Scrutiny Review is:

- To ensure that the Borough's cemeteries are easily accessible, well maintained with adequate amenities and facilities available for visitors to use.

Who will be affected and how:

Overview and Scrutiny ensures that it adheres to the Council's statutory duty to provide the public with access to Scrutiny reports/agendas/minutes and other such documents. Meetings of the Overview and Scrutiny Committee/Scrutiny Panels are widely publicised, i.e.: on the Council's website, copies issues to the local media and paper copies available in the Council's One Stop Shop and local libraries.

Overview and Scrutiny operates paperless meetings. A paperless meeting is a move away from the traditional format for Councillor meetings, which usually involves the printing and distribution of a significant amount of paperwork. Instead, Overview and Scrutiny is operating electronically and Councillors view all the documents for the meeting on their laptop or ICT device. The agenda items will be displayed upon the large screens in the meeting room.

All information relating to meetings of the Council's Committees is published in both PDF and RTF format to allow for accessibility by Councillors, Co-Optees, Officers and the general public. Should individuals not have the provision of a personal PC they will be able to view the data on a PC located in the Council's One Stop Shop and local libraries.

Approximately how many people will be affected:

The impact of the Scrutiny report cannot be assessed until, at the earliest, an outline of a report has been developed. Therefore, within the Scrutiny Panel's report it could suggest that any impact on the eight protected characteristics be taken into account.

However, any potential recommendations could have an effect on the community of the borough of Northampton, including:

- All residents
- Community Groups
- Key Partners

Expected date of decision:

It is anticipated that the report of the Scrutiny Panel will be concluded in March 2017, presented to the Overview and Scrutiny Committee in April 2018 and to Cabinet in June/July 2018. Cabinet will then become responsible for delivering the recommendations that it accepts.

Scope/focus of the assessment:

Please outline the scope and focus of the assessment:

The Scrutiny Panel is mindful of the eight protected characteristics when undertaking scrutiny activity so that any recommendations that it makes can identify potential positive and negative impacts on any particular sector of the community. This will be borne in mind as the Scrutiny Review progresses and evidence is gathered. The final report of the Scrutiny Panel has a standard section entitled Community Impact Assessment and details the findings

Any potential recommendations proposed by the Scrutiny Panel may have perceived adverse and beneficial effects for all diversity groups.

The public's lack of understanding of either the Overview and Scrutiny function or the issues under review could lead to poorly attended and little public participation in the process.

The more public participation in the Overview and Scrutiny function will increase further participation; for example, should individuals be aware that individuals and representatives from community groups are attending such meeting and are involved in the Scrutiny process as a co-optee, and notice the difference that they can make; they too could become involved.

A comprehensive [Overview and Scrutiny webpage](#) has been developed and a leaflet promoting the work of Overview and Scrutiny and detailing how members of the public can become involved in the process has been issued to the Council's One Stop Shop and the town's main libraries. This leaflet is also distributed to attendees at all Overview and Scrutiny Committee and Scrutiny Panel meetings.

So that the Scrutiny Panel obtains a variety of views, the Chair of the Scrutiny Panel will contact a wide range of key witnesses, including

- Internal expert advisors:
 - Cabinet Member for Environment, NBC
- External expert advisors:
 - Funeral Directors within the Borough
 - Service users, via Community Groups such as Residents' Associations

Evidence gathered from the key witnesses will be analysed and contained within the Scrutiny Panel's final report. The comments of the key witnesses will be minuted and published publicly within the [Council's meeting management system](#).

Should the Scrutiny Panel conclude the need for recommendations for change; the expected impact of these changes will be detailed within the Scrutiny Panel's final report.

The Scrutiny Panel's report, after it has been endorsed by the Overview and Scrutiny Committee, will be forwarded to the Council's Cabinet for consideration; Cabinet will then become responsible for delivering the recommendations that it accepts.

Meetings of this Scrutiny Panel are held in easily accessible locations (wheel chair accessible), with the provision of a hearing loop and start at 6pm; so aiming to enable those with working commitments to attend. It could be found that the timing of Overview and meetings (evenings) may not be suitable to all, for example those who are required to work during the evenings.

There is a standing agenda item on all Overview and Scrutiny Committee and Scrutiny Panel meetings enabling members of the public to address the Committee/Panel. The public does not have to register their intention to speak in advance but is advised to arrive a few minutes prior to the start of the meeting and notify the Scrutiny Officer of their intention to speak. A Scrutiny Public Speaking Protocol has been produced and advice and assistance is offered and available to members of the public wishing to attend and address an Overview and Scrutiny Committee/Panel meeting.

The Council has access to an interpretative service and therefore such documents can be supplied in formats other than English if required.

Provision has been made for members of public who have a disability, e.g. the agenda will be displayed on a large screen in the Committee room. For those who may suffer from a visual impairment, the blind have access to 'talking' documents, those whose first language is not English have access to translation services and the building in which the meetings will occur contain hearing loops and are accessible by those with severe mobility issues, such as wheel chair users.
