Good afternoon Paul,

I have received a copy of the above premises licence application. While I have no objection in principle to this licence being granted, I would appreciate the wording of some of the proposed conditions being altered slightly and as below:

- 1) A fully working and maintained CCTV system capable of recording and storing images must be installed on the premises. The system must record at all times the premises s open to the public and images must be stored for a minimum of 28 days with date & time stamping. As a minimum this must cover all entry and exit points, both sides of all areas where the sale/supply of alcohol takes place.
- 2) All recordings must be made available to an officer from a responsible authority upon reasonable request and in line with the provisions of the Data Protection Act 1998.
- 3) All staff involved in the retail of alcohol will be trained in relation to the law regarding its sale. This training must be completed prior to them being authorised to sell alcohol and refreshed every 12 months as a minimum. A record of this training must be kept and maintained with a copy of the syllabus attached. The recipient of the training must sign to state that they have received and understood the training and this should be dated. Training records must be kept on the premises at all times and made available to an officer from a responsible authority upon reasonable request.
- 4) Customers must not take open vessels of alcohol from the premises at any time unless there is an authorisation such as a street café licence in place. Where such an authorisation is in place open vessels of alcohol must not be taken beyond the boundaries indicated by the licence.
- 5) The premises will operate and adhere to an age verification scheme with the minimum standard of Challenge 25. Signs advertising the policy must be displayed in all areas where alcohol is for sale.

This will be a like for like swap of the relevant conditions you have already proposed just as a way of clarifying some of them.

If you are happy with the amended wording, I would be grateful if you could confirm this by way of a reply email.

Thanks

Chris
