

**CONSULTATION & ENGAGEMENT STRATEGY
NORTHAMPTON LOCAL PLAN (PART 2)**

**SUBMISSION DRAFT CONSULTATION (ROUND 2)
July/August 2020**

INTRODUCTION

This Consultation and Engagement Strategy sets out the arrangements for communication and consultation with the local community and all other relevant stakeholders in respect of the Submission Draft Consultation (round 2). This follows the first round of consultation that took place on the Submission Draft in May 2019.

The strategy meets statutory requirements set out in the Town and Country Planning (Local Planning) (England) Regulations 2012, and the Northampton Statement of Community Involvement (June 2018). It also takes into consideration the measures imposed by the Government as a result of the coronavirus (COVID19) pandemic. COVID19 has affected the way the economy functions and the way people communicate, with measures such as social distancing and the request to stay at home / work from home affecting the quantity and quality of public facing interactions. The closure of commercial organisations and community facilities where people usually congregate means that consultation exercises need to be undertaken differently. These measures have affected the way in which consultation and engagement are expected to take place. These are reflected in the strategy below.

THE STRATEGY
