

Item No: 8
Date: 25th July 2011

WEST NORTHAMPTONSHIRE
JOINT LOCAL DEVELOPMENT FRAMEWORK
JOINT STRATEGIC PLANNING COMMITTEE

Updated West Northamptonshire Local Development Scheme (LDS) – July 2011

REPORT OF THE HEAD OF THE JOINT PLANNING UNIT

1. Purpose

- 1.1 The purpose of this report is two fold, firstly to seek the Joint Strategic Planning Committee's approval to submit to the Secretary of State, for their formal approval, the updated West Northamptonshire Local Development Scheme (LDS) (draft attached). Secondly, to seek the Committee's approval to subsequently publish this document as the Committee's approved LDS.

2. Context

- 2.1 The February 2010 edition of the West Northamptonshire Local Development Scheme has been updated to reflect changed circumstances and priorities. The document reflects partner's development plan making priorities. In the light of these changes, it's necessary to update the Local Development Scheme (LDS) for West Northamptonshire and publish the updated version ahead of the submission of the West Northamptonshire Joint Core Strategy to the Secretary of State for its public examination, as this is a statutory requirement. It is anticipated that later this year the West Northamptonshire Joint Core Strategy will be at that stage in its preparation, hence it is important that an up to date Local Development Scheme is prepared.

Next Steps

- 2.4 In terms of next steps for the draft LDS; following the Committee's approval the updated LDS will be submitted to the Secretary of State for Communities and Local Government for formal approval in accordance with the statutory process. Once the Secretary of State approves the document it will be 'given effect' through publishing the document as the Committee's approved LDS. This will have the effect of superseding the preceding LDS.

2.5 Critically, it is essential that an up to date approved LDS; that has been statutorily 'given effect', is in place before the West Northamptonshire Joint Core Strategy is submitted to the Secretary of State for public examination. This is a statutory requirement and therefore the earlier this is done the better.

3. Recommendations

3.1 That Committee approve the updated LDS for submission to the Secretary of State for Communities and Local Government for their formal approval.

3.2 That the updated LDS be subsequently published as the Committee's approved LDS for West Northamptonshire.

David Atkinson

Head of the West Northamptonshire Joint Planning Unit

Foreword

1. A Local Development Scheme for West Northamptonshire

- 1.0 The Councils in West Northamptonshire have a unique role in shaping the places they govern. Northamptonshire is a defined growth area and West Northamptonshire will accommodate some of this growth. This will mean more homes, jobs, leisure and health facilities for the area with the transport systems to support them. The West Northamptonshire Local Development Framework, together with regional and national policy, has the job of ensuring that growth and regeneration happen in a way that is well directed and brings a wide range of benefits to existing and future residents of all generations as well as businesses. This is key to the place shaping agenda and the Local Development Framework is therefore the most important policy tool to manage this growth and harness the social, economic and environmental benefits that development can bring. Not all of the West Northamptonshire area will be subject to significant change. Alongside areas where communities will expand and grow there will be areas that will remain largely unchanged. There are difficult choices to be made and these must be made openly and transparently in the process of production of the West Northamptonshire Local Development Framework.
- 1.1 This Local Development Scheme is designed to meet the needs of the communities in the area through a portfolio of spatial planning documents that address the unique aspects of different parts of West Northamptonshire together with managing the regeneration and growth agenda.
- 1.2 The documents in the Local Development Scheme should be seen as a coherent whole – each putting in place a policy tool that will assist councils, infrastructure providers and developers to deliver high quality places that are good to inhabit. The Councils and West Northamptonshire Development Corporation currently rely on policies that have been ‘saved’ from existing local plans, structure plan, national and regional policy until the local policies are gradually replaced by the Local Development Framework.
- 1.3 Essentially the Local Development Scheme is a public statement identifying which spatial planning documents will be produced, when and by whom. It sets out a three year project plan. It has three key objectives:
- It is the starting point for the community and stakeholders to find out about the Councils’ planning policies in respect of a particular place or issue, and what the status of those policies will be;

- It outlines the details of, and timetable for, the production of Local Development Documents over the three year period; and
 - It sets down the combination of policy documents (and purpose) that have been selected to ensure the effective planning of the area.
- 1.4 The West Northamptonshire Joint Strategic Planning Committee is responsible for much of this local plan-making system together with Daventry District Council, Northampton Borough Council and South Northamptonshire Council. The Joint Strategic Planning Committee comprises member representatives from Daventry, South Northamptonshire and Northampton Borough Councils, as local planning authorities responsible for preparing Local Development Documents as well as Northamptonshire County Council, as strategic authority with responsibility for transport, education, minerals and waste planning. West Northamptonshire Development Corporation, as the local delivery vehicle, are also represented on the Committee as observers, as is the Borough Council of Wellingborough as a key neighbouring local authority.
- 1.5 Northamptonshire County Council, as the minerals and waste planning authority, is responsible for preparing a minerals and waste development framework. A minerals and waste local development scheme has therefore been prepared, and can be viewed on the County Council's website (<http://www.northamptonshire.gov.uk>). Further information is available from the County Council (telephone: 01604 236014).
- 1.6 This document has been produced by the West Northamptonshire Joint Planning Unit. It supersedes the Local Development Scheme produced jointly in February 2010.
- 1.7 The 2004 Planning and Compulsory Purchase Act has introduced a new planning language. A glossary of abbreviations and definitions used in this LDS are explained in Appendix 1 to assist in understanding the spatial planning jargon.
- 1.8 This Local Development Scheme is being prepared at a time when the Government are preparing the Localism Bill which will eventually become the Localism Act. It is envisaged that the abolition of Regional Strategies and associated Regional Spatial Strategies will be included in this legislation. In the light of this scenario the evolving West Northamptonshire Local Development Framework is having appropriate regard to this emerging government policy whilst acknowledging the still extant national planning policy landscape. It is expected that the Act will include a statutory duty to cooperate. In the light of this duty it is in all partners interests to continue to share resources, knowledge and

best practice to ensure the work programme set out in this document is delivered on time.

- 1.9 It is important to ensure that the planning policy documents set out in this LDS are prepared efficiently and without delay, particularly the West Northamptonshire Joint Core Strategy in the light of the Government's commitment to a national presumption in favour of sustainable development which is likely to be contained in the forthcoming Localism Act. It is likely that such a provision would be given effect to through a type of national planning policy statement. Failure to have an up to date development plan in place, particularly at a strategic level, could lead to local planning authorities across West Northamptonshire having a reduced level of control over planning decision making in the light of this national Government policy direction.

2. Introduction: The Development Planning System

- 2.0 Until its abolition as part of the changes included in the emerging Localism Bill (see paragraph 1.8 above), the Regional Spatial Strategy, and the Development Plan Documents (DPDs) within the Local Development Framework will form the Development Plan, which is the basis for all planning decisions. The Development Plan, therefore, sits within the framework of national policy in National Planning Statements and Planning Policy Statements. Therefore applications for development can be approved with regard to national policy, regional policy and local policy. One emphasis of this system is that local policy should not replicate regional or national policy and is 'locally distinctive' – i.e. it is reflective of and designed to meet, the needs of the local area. Another key characteristic is that there is an emphasis on how plans and policies will be delivered in reality by public sector agencies and the private development industry – i.e. these plans, if crafted well, actually bring forward development in a way that suits the locality.
- 2.1 This Local Development Scheme sets out the detailed programme for the preparation of planning policy documents that will form West Northamptonshire's Local Development Framework. It forms a project plan for the programme of work and explains the role of each of the policy tools or documents that are considered suitable to address the spatial issues in the area into the future.
- 2.2 The Local Development Framework is the compendium of documents (or policy tools) that will set out how an area will be developed in the future. Appendix 2 sets out the main components of a Local Development Framework.
- 2.3 The Local Development Framework also includes the Statement of Community Involvement (SCI), the Local Development Scheme (LDS) Supplementary Planning Documents (SPDs) and the Annual Monitoring Report (AMR). Furthermore each Development Plan Document (DPD) must be accompanied by a Sustainability Appraisal incorporating Strategic Environmental Assessment and Appropriate Assessment, where appropriate. Sustainability appraisal is a tool that assists in the analysis of the impacts of policies and provides information about their social, economic and environmental effects. Its purpose is to ensure that plans and policies reflect sustainable development principles. The Sustainability Appraisal and Appropriate Assessment relating to the West Northamptonshire Joint Core Strategy can be found at www.westnorthamptonshirejpu.org, where more explanation may be found.
- 2.4 This Local Development Scheme is written in the light of the current planning policy making system. National planning policy guidance is currently being recast into a new National Planning Policy Framework. It is not yet known what this will cover. This document acknowledges this scenario. The Government have made clear their intentions to

make changes to the planning system generally through the forthcoming Localism Act. Such changes will be reflected in a further update of this document the time of those changes if appropriate.

- 2.5 Further information on the planning system can be viewed using the following external website www.planningportal.gov.uk.

3. How the Documents in the Local Development Scheme relate to one another

- 3.0 The West Northamptonshire Joint Core Strategy covering the whole of West Northamptonshire is the first Local Development Document to be produced. In line with *“Planning Policy Statement 12: Creating Strong Safe and Prosperous Communities through Local Spatial Planning”*, 2008, this will include ‘strategic allocations’ that are critical to delivery of the overall spatial strategy. These ‘strategic allocations’ will include allocated sites to 2026, and in some cases beyond, and will include sustainable urban extensions as well as any other strategic sites that are critical to delivery of the strategy. They are expected to cover the housing and employment allocations together with all related social, green and transport infrastructure needed for these growing communities up to 2026 and beyond. The strategic allocations will indicate some indication in terms of the disposition of land uses, infrastructure, access to sites and other details. Potential allocations of growth beyond 2026 are indicated where this scenario exists.
- 3.1 When it has been adopted, therefore, the West Northamptonshire Joint Core Strategy will provide adequate detail to enable the strategic allocations within it (the Sustainable Urban Extensions) to come forward in the form of planning applications when the market is ready to bring them forward for development. The Joint Core Strategy also enables developers, partner authorities and the West Northamptonshire Joint Planning Unit to produce master plans relating to those strategic allocations. Additionally, the Strategy will enable supplementary planning documents to be prepared and both master plans and supplementary planning documents will then be available to guide the development of the strategic allocations (including sustainable urban extensions). In short, including strategic allocations in the Joint Core Strategy enables these sites to be brought forward for development promptly and in accordance with the development plan and its accompanying housing trajectory.
- 3.2 This LDS facilitates the progression, in the first instance, of the Joint Core Strategy to adoption which is critical for successfully managing the future planning of the West Northamptonshire area. Existing plan making governance arrangements across West Northamptonshire will remain in place until the Joint Core Strategy is adopted. Future co-operative local planning policy partnership governance arrangements will be developed and agreed to enable associated DPDs to be

managed successfully. Details of these arrangements will be set out in a future review of this LDS.

- 3.3 A timetable showing both joint and individual Local Development Document timetables is at Appendix 5. During the period of completion of the West Northamptonshire Core Strategy partner Councils are already engaged in producing master plans for key sites and areas to assist them in managing current pressures for development. These masterplans will form part of the evidence base for the West Northamptonshire Core Strategy and when the West Northamptonshire Core Strategy is adopted they could be adopted as supplementary planning documents in part or whole depending upon the circumstances that pertain at the time. These masterplans currently relate to the following areas:

- Daventry Town
- Towcester
- Brackley
- Roade Village

4. The Documents that will be produced from 2011 to 2015

West Northamptonshire Joint Core Strategy Development Plan Document

- 4.0 The key priority in the Local Development Scheme for West Northamptonshire is the West Northamptonshire Joint Core Strategy DPD. The West Northamptonshire Core Strategy DPD is a strategic document that will set out a spatial vision for West Northamptonshire (which reflects the sustainable community strategies of the area) and a proposed approach to how the places within it will develop addressing a range of spatial and strategic development issues. This strategy will address key spatial issues for West Northamptonshire, including the allocation of Sustainable Urban Extensions (SUEs) on the edges of the existing urban areas of Northampton, Daventry, Towcester and Brackley. It will also address the roles of these important towns in their wider spatial setting, as well as providing a framework relating to the villages; the nature of the future economy including the development of rural enterprise; access to housing and other services; educational standards and provision; health and leisure opportunities; and how these are accommodated. It will set out how much and what type of development is intended to happen, together with where, when and how it will be delivered and who will deliver it. Because the mid-plan period has now been characterised by economic recession, which has impacted heavily on build rates, the Core Strategy will review annualised housing building targets and other development targets to be delivered. This is particularly relevant in the mid and later stages of the plan period, whilst also realistically reflecting the changed circumstances relating to infrastructure, its adequacy and future funding.

- 4.1 The Core Strategy represents a key phase establishing the broad spatial framework for the area, indicating the kind of places sought in the future and the facilities needed to support sustainable communities. It will also set some detail by making some key strategic allocations. At the same time it will identify those areas where very special circumstances will need to be demonstrated for development to be approved, e.g. to provide rural affordable housing or critical services.
- 4.2 Following adoption, all future Development Plan Documents produced in West Northamptonshire must be in general conformity with the West Northamptonshire Core Strategy.

West Northamptonshire Gypsies, Travellers and Travelling Show People Allocations DPD

- 4.3 This DPD will be prepared by the West Northamptonshire Joint Planning Unit assisted as needed by the partner Councils. It will allocate sites for the occupation of Gypsy, Travellers and Travelling Show People in the West Northamptonshire area.

Northampton Related Development Area (NRDA) Allocations and Development Management DPDs

- 4.4 An Allocations and Development Management Policies DPD will be prepared for the Northampton Related Development Area (NRDA), as defined in the West Northamptonshire Joint Core Strategy, on a joint working basis lead by the West Northamptonshire Joint Planning Unit. The DPD will include site-specific allocations and accompanying policies. Allocations will be included covering all land uses, together with policies that will help in the determination of planning applications on specific sites and in the delivery of regeneration, growth and conservation objectives. It will also include the identification, phasing and implementation of local infrastructure for sites. This DPD will not allocate land for Sustainable Urban Extensions; this is done through the West Northamptonshire Joint Core Strategy. The DPD will also set out specific policies that may be required against which planning applications for the development, management and use of land and buildings will be considered. The DPD will only include matters not covered by Planning Policy Statements and legislation and where there is a particular local issue. This DPD will be in general conformity with the adopted West Northamptonshire Joint Core Strategy.

Northampton Central Area Action Plan DPD

- 4.5 This plan is developing policy for the transformation of the centre of Northampton and its key role in the sub region. It is being prepared by Northampton Borough Council. At the time of writing the document is progressing towards the stage at which it is submitted to the Secretary

of State. This DPD will be in general conformity with the adopted West Northamptonshire Joint Core Strategy

South Northamptonshire Council Settlements and Countryside DPD

- 4.6 This DPD will build on the Core Strategy and will include a detailed and wide variety of policies to guide the decision making process for future planning applications across South Northamptonshire (excluding those parts within the Northampton Related Development Area). It will establish a rural settlement hierarchy for settlements within the District and consider amendments to the existing town and village confines and the identification of areas of important local space within those settlements as well as addressing development needs in those settlements. It will be in general conformity with the adopted West Northamptonshire Joint Core Strategy.

Daventry District Settlements and Countryside DPD

- 4.7 This DPD will build on the Core Strategy and will include a detailed and wide variety of policies to guide the decision making process for future planning applications across Daventry District (excluding those parts within the Northampton Related Development Area). It will establish a rural settlement hierarchy for settlements within the District as well as identify areas of important local space within those settlements as well as addressing development needs in those settlements. It will be in general conformity with the adopted West Northamptonshire Joint Core Strategy.

Proposals Map

- 4.8 A comprehensive West Northamptonshire Proposals Map will express geographically the adopted development plan policies for West Northamptonshire. In accordance with Regulation 13(4) of the Regulations, a submission Proposals Map will accompany the West Northamptonshire Joint Core Strategy and other DPDs where site allocations are made. They will be revised as each new DPD is adopted, to ensure that they always reflect the up-to-date spatial plan for the West Northamptonshire area.

Community Infrastructure Levy (CIL)

- 4.9 Associated and in parallel with the preparation of the DPDs set out in this LDS an approach to operating a Community Infrastructure Levy and associated charging schedule will also be developed during the period covered by this LDS. The most appropriate operational framework for CIL across the West Northamptonshire area will be identified and implemented by all partner Councils. It is important to ensure a robust and comprehensive approach to CIL is in place no later than April 2014. This is when legislative changes make

implementation of CIL critical in order to enable receipt of contributions from developers, to support the delivery of strategic infrastructure linked to delivery of development brought forward through the DPDs.

Statement of Community Involvement

- 4.9 Daventry District Council, Northampton Borough Council and South Northamptonshire Council each adopted a Statement of Community Involvement in spring 2006. These set out how the community will be involved in the preparation of Local Development Documents and consulted on planning applications. It is envisaged that each reviewed Statement of Community Involvement will be monitored on an annual basis and the need for review and integration will be monitored on an annual basis and the need for review and integration to one statement will be assessed as part of the preparation of the Annual Monitoring Report for West Northamptonshire.
- 4.10 Appendix 3 of this Local Development Scheme sets out a profile of each Local Development Document that it is intended for production over the forthcoming 3 year period both by the West Northamptonshire Joint Planning Unit and constituent partner Councils. These profiles set out the following:
- The lead body that will be responsible and accountable for its preparation, and approval;
 - Its role and position in the chain of conformity; with the West Northamptonshire Joint Core Strategy at its head;
 - Its geographical coverage;
 - Its status as a DPD or SPD;
 - Its key milestones for production;
 - A broad indication of resource requirement including any support needed from the West Northamptonshire Joint Planning Unit regarding the Local Development Documents being lead on by partner Councils; and
 - An approach to involving stakeholders and the community in the light of partner Councils approved Statements of Community Involvement.
- 4.11 This LDS is available for viewing on the following websites:
- www.westnorthamptonshirejpu.org
 - www.daventrydc.gov.uk
 - www.northampton.gov.uk
 - www.southnorthants.gov.uk
- 4.12 Its availability will also be advertised in the local media. The Joint Planning Unit will write to all people on their mailing list informing them of its availability, as part of the process of 'giving effect' to this LDS.

5. The Relationship with other Plans and Strategies

- 5.0 The Local Development Framework will have regard to the sustainable community strategies and community plans that have been prepared for Daventry District, South Northamptonshire District, Northampton Borough and Northamptonshire County. These have been produced by, respectively, the Local Strategic Partnerships for Daventry, Northampton, South Northamptonshire and the Northamptonshire Partnership Support Unit. The spatial elements and land use implications arising from these strategies will continue to be given regard and delivered through the West Northamptonshire Local Development Framework.
- 5.1 Each Council has a number of other strategies that address specific spatial and service delivery matters in the area. Several have spatial implications and those, in particular, will need to be taken into account in preparation of the LDF. These relate to housing, economic development, air quality and waste management as well as health, social care, leisure and cultural strategies. The LDF will have particularly close links with the plans produced by the County Council, namely the Local Transport Plan and Minerals and Waste Development Framework as well as plans for education and social services. In addition work undertaken by the West Northamptonshire Development Corporation in its planning for infrastructure and regeneration is also a key component of the Local Development Framework.
- 5.2 The LDF will also have regard the work of the Local Enterprise Partnership (LEP) relating to the area it covers as both progress.

6. Delivering the Local Development Framework in West Northamptonshire

Partnership Working

- 6.0 The Councils are also committed to putting in place an up to date planning policy framework for the growth and regeneration of West Northamptonshire at the earliest opportunity.
- 6.1 The Councils are committed to working together with Northamptonshire County Council and West Northamptonshire Development Corporation in order to implement the growth, together with all necessary infrastructure, in an effective, cohesive and sustainable manner. The Joint Strategic Planning Committee comprises member representatives from Daventry, South Northamptonshire and Northampton Borough Councils, as local planning authorities responsible for preparing Local Development Documents as well as Northamptonshire County Council, as strategic authority with responsibility for transport, education,

minerals and waste planning. West Northamptonshire Development Corporation, as the local delivery vehicle, are also represented on the Committee as observers as is the Borough Council of Wellingborough, as a key neighbouring local authority.

- 6.2 The Joint Planning Unit will work closely with all of these partners, who will contribute to plan making, as well as a wider range of public and private sector partners to ensure the Local Development Framework is effective and infrastructure is brought forward in a timely manner.

7. Sustainability Appraisal

- 7.0 At each key stage of its preparation each Development Plan Document will be appraised to assess the likely environmental, social and economic affects of its policies and proposals. The findings will be detailed in a Sustainability Appraisal Report which will be subjected to public consultation. Sustainability Appraisal is an integral part of the preparation process of each Local Development Document and will help arrangements for monitoring and implementation. The purpose of the Sustainability Appraisal is to promote sustainable development through better integration of sustainability considerations into the preparation of plans.

- 7.1 There are five key stages in the preparation of a SA for a Local Development Document (LDD). These are set out in the table below:

Stage	Summary	LDD
A	Identifying other relevant policies, plans and programmes and collecting baseline information;	Yes
	Identify sustainability issues and problems;	Yes
	Develop a sustainability framework including objectives and indicators;	Yes
	Consult on the scoping Report	Yes
B	Test the LDD objectives against the Sustainability Appraisal Framework	Yes
	Developing the LDD options	Yes
	Predicting the effects the LDD	Yes
	Evaluating the effects of the LDD	Yes
	Considering ways of mitigating adverse effects and maximising beneficial effects	Yes
	Proposing measures to monitor the significant effects of implementing the LDDs	Yes
C	Prepare the Sustainability Appraisal Report	Yes
D	Public participation on the LDD and the Sustainability Appraisal Report	Yes
	Appraising significant changes	Yes

	Appraising significant changes resulting from representations	Yes
	Making decisions and providing information	Yes
E	Finalising aims and methods for monitoring	Yes
	Responding to adverse effects	Yes

8. Saved Development Plan Policies and Material Considerations in dealing with Planning Applications

- 8.0 The documents to be produced as part of the Local Development Framework will gradually replace the saved policies from local plans whilst structure plans have been abolished under this planning system. There is also one remaining saved structure plan policy. In the meantime, the Government has made provisions for structure plan and local plan policies and proposals to be 'saved' i.e. remain in force until they are replaced by Local Development Documents. These 'saved' policies can be found at the respective Councils' websites. Together with national Planning Policy Statements and associated documents these now form the policy framework for deciding planning applications in West Northamptonshire.
- 8.1 Since adopting the Local Plan, Daventry District Council has prepared and consulted upon a series of formal alterations. These alterations have not been subject to public local inquiry and in accordance with the arrangement of the new planning system cannot be formally 'saved'; however the Council considers that the alterations remain relevant and will be retained as an important 'material consideration' in the determination of planning applications until withdrawn or replaced by Local Development Documents.
- 8.2 The three local authorities currently have some existing supplementary planning guidance that are based on saved policies or old plans from prior to the provisions of the 2004 Planning and Compulsory Purchase Act. If the all or some of the content of these documents is to be converted to a Supplementary Planning Document, it must be prepared in accordance with Government Guidance and Regulations. This requires Supplementary Planning Documents to conform to policies included in a Development Plan Document or 'saved policy'.
- 8.3 In the interim, the existing supplementary planning guidance listed in Appendix 4 will continue to be used as material planning considerations in determination of planning applications, until such time as they can be replaced or are no longer required.

9. Resources and Reporting Process

9.0 This Local Development Scheme represents a significant commitment in resources from the Councils. The process of production of this Local Development Scheme has involved detailed consideration of the tasks required to produce each document. In programming this available resource, allowances have been made for other areas of responsibility outside of Local Development Framework production. Examples of the wider responsibilities that have been accounted for are listed below:

- National and other higher level planning policy consultations, Community Strategy engagement and corporate work such as the Economic Strategy;
- Liaison with WNDC on planning matters and strategic site development;
- Regeneration and masterplanning projects / Development Control Advice;
- Improvement programmes for the service;
- General Enquiries;
- Team Meetings;
- Appraisals; and
- Training.

9.1 To enable the effective project management each Local Development Document has been allocated a lead officer. This information can be found in the profile of each joint document held at Appendix 3.

9.2 The core resources expected to be available to progress work on the Local Development Documents identified in this Local Development Scheme are outlined in the schedules.

West Northamptonshire Joint Planning Unit

9.3 This unit consists of a permanent establishment of :

- 1 x Head of Unit
- 1 x DPDs Team Leader
- 3 x Principal officer
- 2 x Senior policy officer
- 2 x Policy officers
- 2 x Administrator
- 1 x Programme and Information Manager
- 1 x Monitoring Officer
- 1 x Technician

9.4 The Councils are committed to providing resources to support this Local Development Scheme and future planning needs. The timetable for this Local Development Scheme is predicated upon this level of resource being in place throughout the three years of the Local Development Scheme.

- 9.5 Each council provides input to policy making using their existing staff. Consultants have been employed to prepare aspects of the evidence base. In addition work that the West Northamptonshire Development Corporation has commissioned is to be shared and the Corporation is to provide support to the work.
- 9.6 Finally, each of the Councils will utilise resources from a range of internal teams such as:
- Housing Strategy;
 - Conservation;
 - Economic Regeneration;
 - GIS;
 - Community Development; and
 - Administrative Support.

Decision making arrangements

- 9.7 The Joint Strategic Planning Committee is the decision making body for the Joint Local Development Documents. The Head of the Joint Planning Unit will report to the Joint Strategic Planning Committee. A Business Sub Group of the Joint Strategic Planning Committee will monitor the LDS work programme and its resourcing and report to the Joint Strategic Planning Committee. An officer programme board comprising senior officers from the three Borough/ District Councils, the County Council as well as the West Northamptonshire Development Corporation will steer the technical process. In addition Technical Officers Groups will deal, as necessary, with the evidence and policy matters arising ensuring clear contributions from all partners. The Joint Strategic Planning Committee will be engaged in the production of joint documents, consider them, approve and adopt the Local Development Documents, following examination, where appropriate, by an independent inspector.

10. Risk Assessment

- 10.0 In preparing the LDS, it was found that the main areas of risk relate to:
- **Maintaining adequate resources.** The authorities are all under significant pressure to reduce budgets. The budget for the first two years of this Local Development Scheme was approved in principle in December 2008. If these resources cannot be bought to bear on plan production and all possible efficiencies have been implemented to their maximum extent then progress will slip.
 - **Staff turnover.** Loss of staff will have an impact on the programme, as recruiting and then training up replacement staff takes time. Nationally, there is still a serious shortage of

experienced planning officers. In the light of this consideration will be given to using making appropriate use of fixed terms contracts, secondments and, where appropriate, consultants to fill the gap.

- **Capacity of the Planning Inspectorate and other agencies to cope with demand nation-wide.** This is out of the control of the local authorities. However, early consultation has been undertaken on this LDS, which should enable other agencies, such as the Planning Inspectorate, to take the Councils' LDF programme into account.
- **Political differences.** The Joint Committee arrangements are designed to ensure a measure of consensus is reached.
- **Delays in Examination process and/or legal challenge.** This will be minimised by ensuring that Development Plan Documents are 'sound' and founded on a robust evidence base and well-audited stakeholder and community engagement systems. The Planning Advisory Service Soundness Self Assessment Toolkit will be used to assist in this process.
- **Changes to national or regional guidance.** Where possible, changes to Government guidance will be accommodated. However major changes to Government policy may result in delays that are outside the control of the partner Councils.

11. Evidence Base

- 11.0 In preparing the Local Development Framework, a range of background work needs to be undertaken or taken into account. This work will be published in the form of background documents. Most of these will be produced either by, or for, the Councils. Each background document will be publicly available. Many of these background documents have already been identified and produced but others may be published in the course of preparing Local Development Documents. They are to be found on the West Northamptonshire Joint Planning Unit website at; www.westnorthamptonshirejpu.org

12. Monitoring and Review

- 12.0 Following its adoption the Local Development Scheme will be monitored on an annual basis from April to the end of March. The Joint West Northamptonshire Annual Monitoring Report will assess the implementation of the Local Development Scheme and the extent to which the objectives of policies in Local Development Documents are being successfully achieved. Each year an Annual Monitoring Report will be prepared that will include an assessment of:

- whether the partner local planning authorities are meeting, or on track to meet, the targets set in Local Development Documents and if not the reasons why and how they can be brought on track;

- what impact the local planning authorities policies are having on other targets set at national, as well as other higher as well as local levels;
- whether the local planning authorities need to replace any policies in order to meet their sustainable development objectives; and
- what action needs to be taken if policies need to be replaced.

12.1 The Joint West Northamptonshire Annual Monitoring Report, will be available to view on the Joint Planning Unit's and Councils' websites. This will be used to determine whether there is a need to amend the LDS.

13. Contact Details

13.0 If you have any queries on this LDS please contact us using the details below.

For documents that are led by the Joint Planning Unit:

Appendix 1

Definitions

Definitions

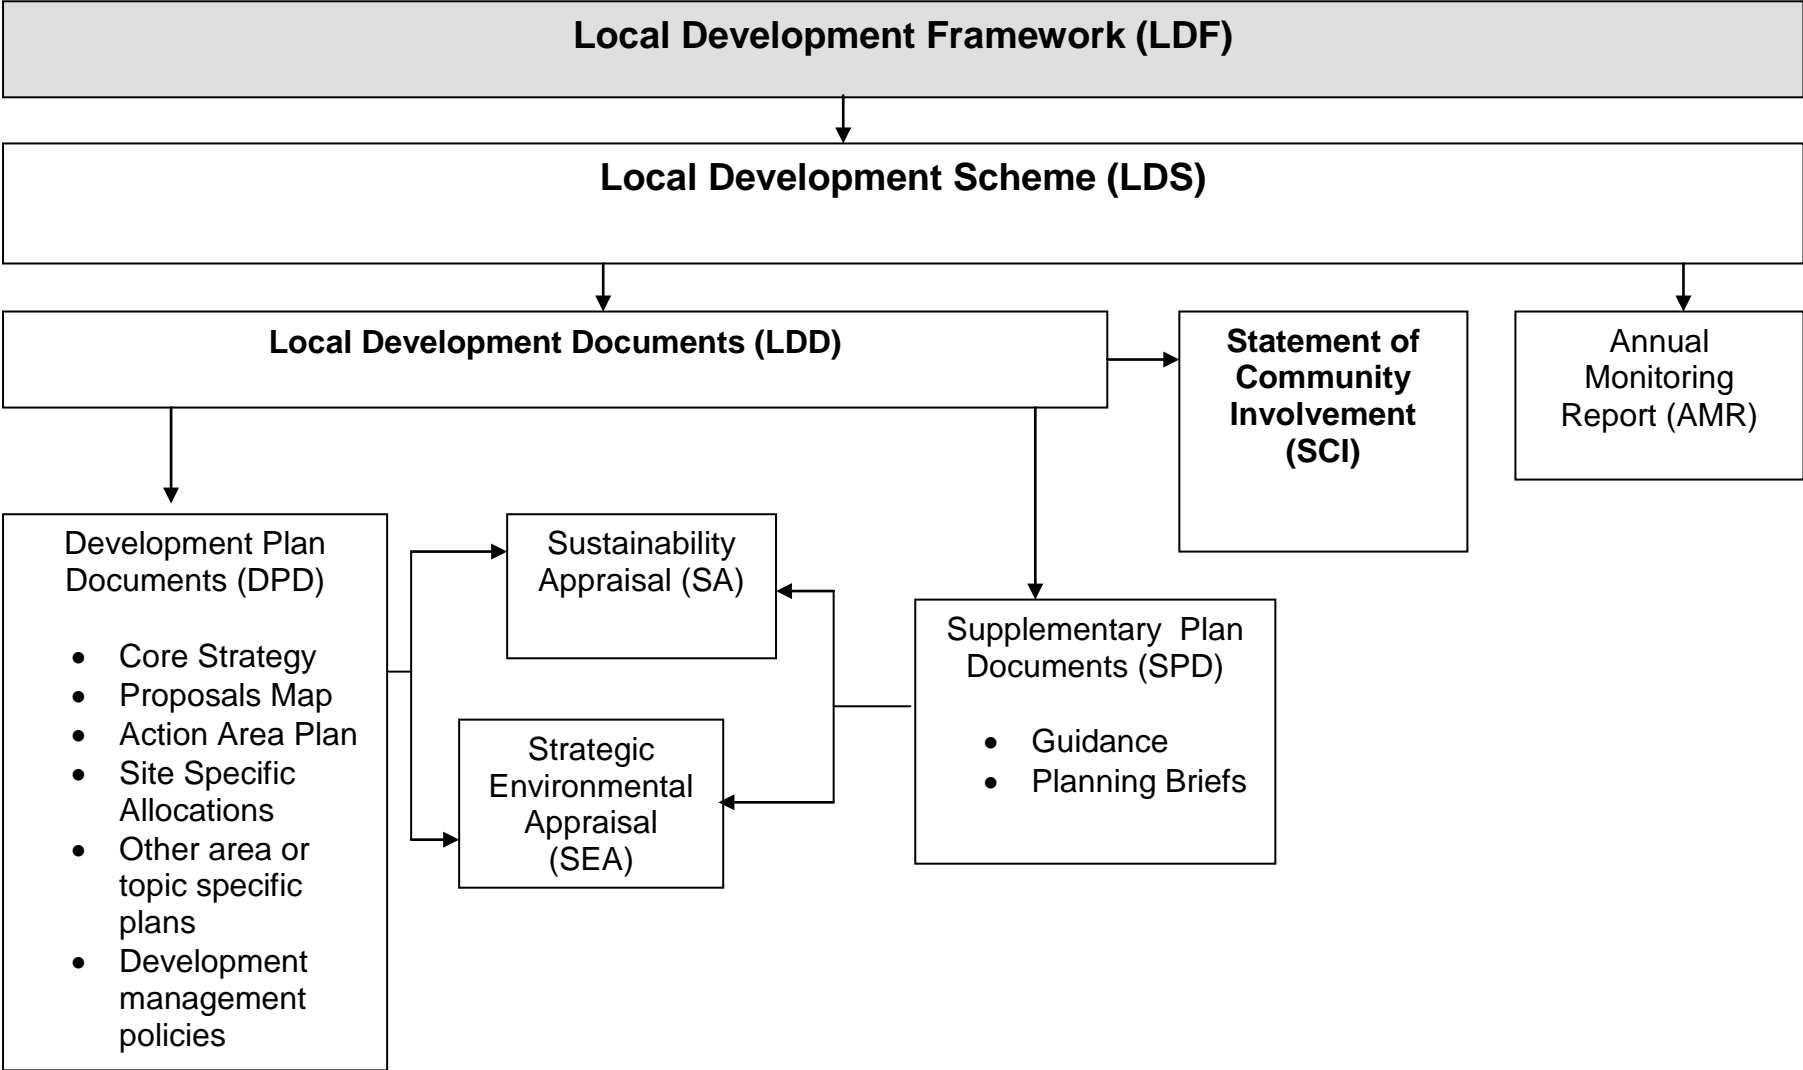

Title	Definition
Area Action Plan (AAP)	Development Plan Document providing a planning framework for areas of change and areas of conservation.
Annual Monitoring Report (AMR)	Assesses the implementation of the LDS and extent to which the policies in LDDs are being achieved.
Appropriate Assessment	Assessment of the potential impact of a proposed plan on one or more European sites comprising Special Areas of Conservation and Special Protected Areas.
Community Strategy	Strategy prepared by Local Strategic Partnerships with the purpose of improving the social, economic, environmental well-being of their areas.
Core Strategy (CS)	Sets out the long-term spatial vision for the local planning authority area and the strategic policies and proposals to deliver that vision.
Department of Communities and Local Government (DCLG)	The Government department with responsibility for planning and local government.
Development Control Policies	A suite of criteria-based policies which are required to ensure that all development within the area meets the vision and strategy set out in the core strategy.
Development Plan (DP)	Consists of Regional Spatial Strategy (RSS) and development plan documents contained within the Local Development Framework.
Development Plan Document (DPD)	Spatial planning documents that are subject to independent examination. There will be a right for those making representations seeking change to be heard at an independent examination.
Key Diagram	Diagrammatic interpretation of the spatial strategy as set out in the core strategy. To illustrate the broad strategy for the area in a similar fashion to existing Structure Plan's key diagrams. It is most likely to be appropriate to an area of significant change where the general location of broad areas of future development can be identified together with linkages between such areas and the relationship to other strategies and neighbouring areas. Broad areas of protection/little anticipated change can also be shown.

Title	Definition
Local Development Document (LDD)	A document that forms part of the Local Development Framework. Can either be a Development Plan Document or a Supplementary Planning Document.
Local Development Framework (LDF)	Comprises a portfolio of local development documents which will provide the framework for delivering the spatial planning strategy for the area.
Local Enterprise Partnership (LEP)	A partnership between local business and councils with the task of determining local economic priorities and driving economic growth and the creation of jobs.
Parish plan	An initiative whereby local people can prepare a document that sets out their wishes for the development of their area.
Planning Policy Statement (PPS)	Government statements of national planning policy guidance. RSS and LDFs must be consistent with PPSs. Formally known as Planning Policy Guidance (PPG).
Pre-examination meeting	Procedural meeting held by Inspector appointed to hold examination into the DPD or SCI. The purpose of the meeting is to discuss the management of the examination.
Proposals Map	Illustrates the policies and proposals in the development plan documents and any saved policies that are included in the local development framework.
Regional Spatial Strategy (RSS)	Prepared by the regional planning body. It will set out the policies in relation to the development and use of land in the region and will be approved by the First Secretary of State. (Formally known as Regional Planning Guidance RPG). It is anticipated that the forthcoming Localism Act will abolish both Regional Strategies and their Regional Spatial Strategy component.
Sustainability Appraisal (SA)	An Appraisal to ensure that all policies and proposals in Development Plan Documents (DPD) reflect sustainable proposals. This will be carried out at the same time as the Strategic Environmental Assessment (SEA)
Site specific allocations and policies	Allocations of sites for specific or mixed uses or development. Policies will identify any specific requirements for individual proposals.
Statement of Community Involvement (SCI)	Sets out the standards which the local authority intends to achieve in relation to involving the community in the preparation,

Title	Definition
	alteration and continuing review of all local development documents and in significant development control decisions, and also how the local planning authority intends to achieve those standards. The statement of community involvement will not be a development plan document but will be subject to independent examination. A consultation statement showing how the local planning authority has complied with its statement of community involvement will be required for all local development documents.
Strategic Environmental Assessment (SEA)	A generic term used internationally to describe environmental assessment as applied to policies, plans and programmes. The European 'SEA Directive' (2001/42/EC) requires a formal 'environmental assessment' of certain plans and programmes, including those in the field of planning and land use.
Saved Policies	Existing adopted plans (or parts of them) can be saved for three years from the date of commencement of the Act. Unadopted plans can be saved for three years post adoption.
Supplementary Planning Document (SPD)	Policy guidance to supplement the policies and proposals in development plan documents. They will not form part of the development plan or be subject to independent examination. (Formally known as Supplementary Planning Guidance SPG)

Main components of an LDF

Appendix 3

Profile of Local Development Documents

West Northamptonshire Joint Core Strategy DPD		
Brief Description		
<p>To set out the spatial vision, spatial objectives and spatial strategy for all sustainable communities in West Northamptonshire accounting for its wider context.</p> <p>To assist delivery of the sustainable community strategies during the plan period to 2026 and in certain specified cases and circumstances, beyond.</p> <p>To set out strategic policies for the regeneration, growth and conservation of the area including strategic allocations for development in the form of Sustainable Urban Extensions (SUEs), strategic rural and affordable housing matters, together with the phasing and associated infrastructure for their delivery. These strategic policies will assist in addressing the management of urban regeneration and growth and protection of appropriate rural settlements through the inclusion of a framework for a future settlement hierarchy.</p> <p>To make strategic allocations to 2026 and in certain specified cases, beyond, and ensure the maintenance of at least the five year housing land supply.</p> <p>To set out the role of the rural areas including their conservation, protection, vitalisation and diversification.</p> <p>With respect to the growth of urban areas, the Joint Core Strategy will include some detail of the SUEs to be brought forward early in the life of the plan through its accompanying housing trajectory and associated phasing policy. Further detail may be found in the evidence base that accompanies the Joint Core Strategy. The Joint Core Strategy will also provide an integrated framework for investment including associated strategic social infrastructure such as health and leisure facilities, green infrastructure, the transport and accessibility strategy and phasing of development. The associated and supporting West Northamptonshire Infrastructure Delivery Plan (IDP) will be instrumental to this. It will provide a vital platform from which to launch bids for public funding. It will also provide the context for all other Development Plan Documents and Supplementary Planning Documents and will set out a monitoring and implementation framework for West Northamptonshire as a whole.</p>		
Geographical area covered	The whole of West Northamptonshire	
Status	DPD	
Will it be produced jointly?	Yes, Joint Local Development Document	
If yes, which authorities?	Daventry District Council, Northampton Borough Council, South Northamptonshire Council	
Chain of Conformity	1	PPSs and PPGs and Government Policy
	2	RSS ¹

³ These management arrangements are subject to change in the light of the enactment of the Decentralisation and Localism Bill

Northampton Related Development Area Allocations and Development Management Policies DPD		
Brief Description		
To set out any specific allocations for the Northampton Related Development Area (NRDA), as defined in the West Northamptonshire Joint Core Strategy. It will include policies against which planning applications for the development, management and use of land and buildings will be considered, in addition to site specific policies that will help in the determination of planning applications and in the delivery of regeneration, growth and conservation objectives. It will include the identification, phasing and implementation of local infrastructure for sites. The DPD will not allocate land for Sustainable Urban Extensions; this is done through the West Northamptonshire Joint Core Strategy. As an example of some of its policies content, it will include boundaries of retail centres, residential allocations, new and existing employment sites, historic conservation, protection of open space, nature conservation, highway issues and car parking.		
Geographical area covered		The Northampton Related Development Area (NRDA) as defined in the West Northamptonshire Joint Core Strategy
Status		DPD
Will it be produced jointly with other authorities?		Yes. Joint Local Development Document
If yes, then with which authorities?		Daventry District Council, Northampton Borough Council, South Northamptonshire Council
Chain of Conformity	1	PPSs and PPGs and Government Policy

Management Arrangements		Joint Programme Board/Business Sub Group/Joint Strategic Planning Committee
Resources		3 FTE per year from the West Northamptonshire Joint Planning Unit, 4 FTE from Northampton Borough Council, as assistance from other partner Councils, as needed and some consultancy support. (NOTE: it is unlikely that all these FTEs will be filled during the life of this LDS.)
Lead Officer		Head of the West Northamptonshire Joint

	Planning Unit: Phone: 01604 838412
Community Involvement	Through the adopted Statement of Community Involvement.

Northampton Central Area Action Plan DPD

Brief Description

To set out the vision and strategic objectives for the Central Area up until 2026 and provide a set of policies to guide developers. The document will facilitate the transformation of the town centre and put it at the heart of a regional city, with thriving retail, residential and office development and the regeneration of deprived areas. The Development Plan Document will also ensure development of the highest environmental and urban design standards, capitalising on Northampton's rich tapestry of architectural heritage and the Waterside for tourism and leisure. The new town centre will give greater priority to pedestrians and cyclists and be at the hub of a comprehensive public transport system linked to surrounding areas.

Geographical area covered	Covering Northampton town and central areas as defined in the Pre-submission version of this DPD, November 2010.
---------------------------	--

Status	DPD
--------	-----

Will it be produced jointly with other authorities?	No
---	----
